As of 12 February 2017, some 152,448 people were living in displacement while over 9,100 have in the past week returned to areas recently retaken by government forces in eastern Mosul.

Food, water and fuel are scarce in western Mosul, leading to negative coping mechanisms. It is highly likely that the humanitarian situation will continue to deteriorate as commercial supply routes remain cut off and stocks cannot be replenished.

UNFPA was able to distribute 2,500 dignity kits to the most vulnerable women and girls in western Nineva, in villages close to Telafar that were recently retaken by Government forces. The distribution followed a rapid multi-sectoral assessment including UNFPA that was conducted the week before.

UNFPA continued to monitor and provide technical assistance to the reproductive health facilities in East Mosul through a series of field visits. The GBV team also conducted an assessment for initiating activities in East Mosul.

Construction of UNFPA-supported maternity field hospital commenced in Athba, adjacent to the field hospital being constructed by WHO. Construction of the maternity field hospital is expected to complete by 15 March to serve the IDPs and residents of West Mosul that may be affected military operations in the areas.
**REPRODUCTIVE HEALTH RESPONSE HIGHLIGHTS**

- **30** RH clinics are supported to provide reproductive health services

- **3,325** Reproductive health consultations were conducted in Ninewa (Mosul) and Salahadin areas

- **85** Assisted deliveries were conducted in Ninewa (Mosul), Erbil and Salahadin areas

- **4,647** RRM dignity kits were distributed in Erbil, Ninewa, Salahadin, Kirkuk and Baghdad areas

**GENDER BASED VIOLENCE RESPONSE HIGHLIGHTS**

- **222** women and girls received emergency Psychosocial Support (PSS)

- **630** individuals were reached with awareness sessions on available Gender Based Violence (GBV) services

- **12** women were referred for specialized services.

The response were provided through eleven IDP camps and one non-camp site: Debaga (five camps) in Erbil governorate, Hassan sham and Khazir camps in Eastern Mosul, Jadaa, Haji Ali and Qayarra South of Mosul and Zelikan camp North-east of Mosul and Salahadin (Tikrit) non-camp site.
