

1. Are International Firms eligible to participate? [yes](#)
2. Is there any budgetary ceiling? [Not to be share](#)
3. There are no details of the personnel required for this assignment; do we have to mention our team for this project, if so, do you have any preference in this regard such as international/local personnel or any other relevant detail? [Yes please](#)
4. An existing system has been mentioned, can you please provide any detail on that, such as its existing features or any other relevant information that may aid us in better understanding of the assignment. [Technical plan: The strategy development should be technically compatible to work with Google Sites development and interfaces. The system shall be internally managed and access to information and content are only allowed for UNFPA organizational users. Any coding that maybe required for additional features shall be developed to be embedded in the google portal site owned by UNFPA for the knowledge management](#)
5. Any crucial information or document required from the Bidding Firm? [The official registration document of the firm](#)
